LESSON 1

A/a (as in “apple”)  
M/m (as in “mom”)  
T/t (as in “top”)

- Make the sound of each letter with your student  
- Have the student write the lowercase letter on a dry-erase board three times while saying the sound  
- Make flashcards for your sound/letter deck

Warm Up With Oral Brainstorming:

Remember that in this part of the lesson we refer to sounds and not to the names of letters. Here is what you might say: “The vowel sound ‘a’ like in ‘apple’ is found most often in the middle of words like ‘can’ and sometimes at the beginning of words like ‘and’ or ‘am.’ Let’s brainstorm at least five more words that have the ‘a’ sound.”

Examples: camera, cap, cat, clap, am, as, happen, flat, bat, sand, giraffe, grass, plants, ants

To make brainstorming more fun, you can make it like a guessing game. You can say, “I was thinking of something you take pictures with” and pretend to hold a camera. Or, “I was thinking of what people do at the end of a play or concert” and pretend to clap. Or, “I was thinking of the animal at the zoo with the very long neck…”

Tell the student that “mmmm” is a consonant sound that can be at the beginning, middle, or end of words. Again, remember that in sound play, you make the sound rather than name the letter. You
might say, “Mom and mop both start with ‘mmmm.’ Can you think of other words that start with ‘mmmm’?”

Examples: monkey, make, more, mud, mind, mad, medium-sized, magic, magnet, muffin, McDonald’s, mug, milk

Say, “Can you think of some words that end with ‘mmmm’?” (Brainstorming end sounds will be more difficult than brainstorming beginning sounds.)

Examples: hum, thumb, lamb, him, trim, brim, tame, lame, flame, time

You can prompt a student to think of a word by giving the beginning of a thought that ends with the word, like, “Hurry! We are running out of….” Or, “Uh oh, I was hammering a nail and hit my….” Or, “My hair is so long, I need a….”

Finally, “t” is another consonant sound that can be at the beginning, middle, or end of words. (Remember to make the “t” sound rather than say the letter name, and not to say “tuh,” but make a quick “t.”) Ask the student, “Can you think of some words that begin with the ‘t’ sound?”

Examples: tickle, tackle, time, take, tiger, touch, table, trap

Then say, “Can you think of some words that end with the ‘t’ sound, like ‘hit’?” You can prompt students to guess words by playing with opposites, like, “I am thinking of a time that is NOT day but…. I am thinking of a road that is NOT hilly but is…. My favorite pants are loose, but these pants feel so….”

Examples: bat, cat, fat, fit, mitt, bite, fight, night, flat, kite, tight
Another fun way to brainstorm is by taking turns drawing pictures to suggest words with the target sound. Here again, it is the sound not the spelling that counts, and just like in the game Pictionary “bad” drawings can be more fun than good ones. It is easiest to think of words that have the target sound at the beginning, but you and your student can throw in a challenge by drawing a word that has the target sound at the middle or end rather than as the first sound. Here are a few ideas to get you started.

(Words with “a” as in “apple”
Row 1: pass, hand, camera  Row 2: pan, pants, map)
(Words with “t” as in “top”
Row 1: tape, tooth, tomato  Row 2: tent, teabag, tie)

(Words with “m” as in “map”
Row 1: monkey, map, mail  Row 2: mittens, broom, mug)
Introduce the new high-frequency words you have written onto flashcards. Have the student write the high-frequency words three times while pronouncing the words:

the, and

Have the student read:

Have the student write from your dictation:

LESSON 2

New material:

F/f (as in “fox”)

- Make the sound with your student
- Have the student write the lowercase letter on a dry-erase board three times while saying the sound
- Make a flashcard for your sound/letter deck

Warm Up With Oral Brainstorming:

Say, “‘f’ is another consonant sound that can be found in the beginning, middle, and end of words. Let’s think of some words that begin with ‘f.’”

Examples: fight, fine, feel, fantastic, fix, family, phone, fender, fountain, fish, food, French fries, fans, fingers, face

Say, “Now let’s think of some words that end with ‘f.’” (Again, remember to make the sound rather than name the letter and to pronounce a quick ”f,” not “fuh.”)

Examples: laugh, off, cough, sniff, huff, stuff, giraffe, tough, rough, fluff, puff, bluff, if, stiff

Or, brainstorm by taking turns drawing pictures:
(Words with “f” as in “fox”  
Row 1: frog, flip, French Fries  Row 2: fingers, cough, fly)

**Continue to Warm Up With Sound Play:**

Say, “Now, listen to the word ‘it.’ What happens if you add the ‘f’ sound to the beginning of the word?” (fit)  
Say, “Listen to the word ‘laugh.’ Now take away the ‘l’ sound at the beginning. What do you have left?” (af)  

Ask the student, “Should we do one more? Should we start by adding or taking away the ‘f’ sound?”
To add:

“Listen to the word ‘able.’ Add ‘f’ and what do we get?” (fable)
“Now take away the ‘f’ and what do we get?” (able)
“Now let’s add the ‘t’ sound to the beginning and what do we get?” (table)

To take away:

“Listen to the word ‘file.’ Now take away the ‘f’ sound and what do you get?” (ile)
“Now listen to the word ‘ile.’ What do you get if you put ‘m’ sound at the beginning?” (mile)
“Listen to the word ‘sniff.’ Now take away the ‘sn’ at the beginning. What do you get?” (if)

Introduce the new high-frequency word you have written onto a flashcard. Have the student write the high-frequency word three times while pronouncing the word:

LESSON 3

New material:

B/b (as in “baby”)

- Make the sound with your student
- Have the student write the lowercase letter on a dry-erase board three times while saying the sound
- Make a flashcard for your sound/letter deck

Warm Up With Oral Brainstorming:

Say, “‘b’ is another consonant sound that can be found at the beginning, middle, and end of words. Can you think of words that start with ‘b’?” (Say just a brief “b”; avoid saying “buh.” If students say “buh,” you can tell them to snip off the sound with pretend scissors.)

Examples: basketball, bakery, books, big, bug, beach, breakfast, bacon, ball, building, bed

Say, “Can you think of words that end with a ‘b’ sound?”

Examples: grab, fib, rub, rib, bib, cab, robe, tube, cube, tub

Or, brainstorm by taking turns drawing pictures:
(Words with “b” as in “baby”
Row 1: bubble, boat, bird  Row 2: bed, basketball, bike or bicycle)

**Continue to Warm Up With Sound Play:**

Say, “Now repeat the following words—can you hear a ‘b’ sound in them? Where in the word did you hear the sound?” (Say the words slowly, and ask students if they want to hear the word again before starting.)

- table  (Yes, in the middle)
- bed    (Yes, in the beginning)
- tend   (No, I can’t hear it)
- crab   (Yes, at the end)
- before (Yes, at the beginning)
bubble (Yes, beginning and in the middle)

Remember to give positive feedback. Saying something like, “Wow, you are really using your ears to pick out these sounds!” may be good encouragement. If the student “gets it wrong” be positive and enthusiastic: “Let’s try it again.” Often students will find this work fun when they see how much success they are having.
