

LESSON 114

Review the material from the previous lessons using the sound-letter deck, the high-frequency word deck, and the whiteboards.

Make the sound with your student and have your student write the lowercase letters of this sound on a whiteboard three times while saying the sound. Create a flashcard for the sound-letter deck:

err and **er** (which makes the “air” sound, as in “cherry”)

Words to read and write:

berry merry terror where whereas steroid heritage very America peril sterile (“ile” pronounced with a short “i”) terrify there error dexterity inheritance verified therapy perilous Terry Perry

Introduce the new high-frequency words you have written onto flashcards. Have the student write the high-frequency words three times while pronouncing the words:

flood, blood¹

Have the student read:

Heritage is another word for background or the place you came from. When people say Americans are diverse, they are pointing out that Americans are descended from people of many backgrounds.

My dad still likes to listen to his music on his old stereo.

¹ **flood** and **blood**: **oo** making the short “u” sound is irregular; everything else about “flood” and “blood” is decodable

Some people love horror films full of blood and guts. They enjoy being terrified.

During Hurricane Katrina, there was massive flooding when multiple floodwalls and levees that protect the city of New Orleans failed.

Have the student write from your dictation:

The birthday party was full of merry children having fun.

My sister had to get a steroid shot after she hurt her knee.

This medical equipment must be sterilized after each use.

Meg prefers apple pie to cherry pie.

I don't think Pete should be a doctor or nurse. He cannot stand the sight of blood.

Choose any of the stories in [Group 9 \(Soft "c" and "g" Stories\)](#), in [Group 8 \("Y" as a Vowel Stories\)](#), [Group 7 \(Consonant-le Stories\)](#), or [Group 6 \(Snow, Cow, Cloud Stories\)](#) for a "triple read."

berry merry terror where whereas steroid heritage
